'My new door and window looked great coming off the truck. Can't wait to have it installed and see it at its full potential. As for the service..... You guys are amazing. Especially front of house. You Katie had me from the get go. With exceptional customer service. You made things easy and your personality shone through the phone. Thank you for all your help. I would recommend you guys to others with not a doubt in my mind they would also be pleased.'

'I just wanted to say thank you for your help yesterday with repairing the window that my dog broke. From start to finish I cannot fault your service. The lady on reception was lovely and very helpful. The repairman was professional and efficient. My window was quickly repaired and very inexpensive. What a great local business. I am very, very happy and will highly recommend South Coast Windows in the future.'

'Thank you very much, we would like to compliment your company on the quality of not only the windows, but your installation team, who were very professional and took every care with removing the old windows, and the finish of the installation of the new ones was most pleasing, as they made sure the smaller finishing touches completed a quality job. Very Impressed'

'The doors were exactly what we wanted and the colour match was perfect. We were surprised at how strong they appeared as they are significantly better than the doors that we have on our home. Peter did a great job and left no mess. Thank you for a job well done and we will have no hesitation in recommending you to others.'

'The service was spot on and the two guys were very nice and professional. Wow! I have 2 doors that can open without me dislocating some part of my right arm or hand. Certainly we will be recommending your service to others. [My husband] being so knowledgeable about most things South Coast regularly has people asking for advice on workmanship and who is the best company to deal with. So you go top of the list.'

'Thank you for installing our Amplimesh front screen door. We are very happy with it and your good service.'

R&RC, Encounter Bay

'They were very prompt and the man that came around was really helpful and they did a perfect job.'

PR, Victor Harbor

'This door completes our project of securing all outside doors and we're very happy with the result, especially being able to key all three alike. Thanks for removing the old doors from site.'
